This volume assesses one of the most important developments in contemporary Latin American women's movements: the engagement with rights-based discourses. Organised women have played a central role in the continued struggle for democracy in the region and with it gender justice. The foregrounding of human rights, and within them the recognition of women's rights, has offered women a strategic

The empowerment of women and the establishment of gender equality are crucial to democracy. Democracy is as much about citizenship rights, participation and inclusion as it is about political parties, elections, and checks and balances. The quality of democracy is determined not only by the form of
