Religion and politics in the United States by Kenneth D. Wald, 1987, St. Martin's Press edition, in English Religion and American Culture - CLAS Users United States. In the discipline of political science, culture has often been narrowed to refer only to core beliefs and values relevant to governance and public life. Accordingly,

we will focus our attention on the religious elements of American political culture or what is sometimes called American civil religion. Another section of the chapter explores culture and religion through an
