Cold War Signals - Telenet

Others believe that the uninterrupted signal is part of the notorious so-called Dead Hand, an autonomous launch system for clusters of nuclear missile sites that supposedly would be activated if the signal was interrupted, due to elimination of Soviet military command by an American first strike. As we now know, the dead hand systems did actually exist, but the relation between UVB-76 and the

Soviet Perspective On The Cold War And American Foreign ...

Ukraine gained its independence in 1991, when the Soviet Union was dissolved and former Soviet republics became sovereign states. Since that time Ukraine started its own policy, with the Ukrainian point of view on history, international relations, and politics differing greatly from the Russian perspective.

Soviet Foreign Policy | Foreign Affairs

More about Gorbachev and what he has done and might do. These 20-odd essays are admittedly no more than initial assessments, after the first two years, of the

prospects for continuity and for change in Soviet foreign policy, and time may prove some of them wrong.
