Home | United Nations

The United Nations is a global organization that brings together its member states to confront common challenges, manage shared responsibilities and exercise collective action in an enduring quest.

[United Nations - Wikipedia](#)

The United Nations is an intergovernmental organization tasked to promote and secure international co-operation and to create and maintain international order. A replacement for the ineffective League of Nations, the organization was established on 24 October 1945 after World War II with the aim of preventing another such conflict. At its founding, the UN had 51 member states; there are now 193. The headquarters of the UN is in Manhattan, New York City, and is subject to extraterritoriality. Fur
